ACQVA DI VENEZIA

Eternal heritage

It captures the magic of the city within a sophisticated fragrance pyramid.

A fruity, sweet and amber fragrance, supported by a warm, woody base and designed to envelop the senses in a refined and memorable experience.

TOP NOTES

The fruity and luminous opening evokes the gentle sparkle of the lagoon waters and the vitality of its canals.

MIDDLE NOTES

The sweet, velvety heart releases milk, peach and caramel, creating an enveloping bouquet that blends softness and warmth in an elegant, sensory balance.

BASE NOTES

The sophisticated base develops on patchouli and oriental woods, giving the fragrance an amber, woody and musky character that is persistent and cosmopolitan.

ELEGANCE AND FUNCTIONALITY

Acqva di Venezia interprets contemporary hospitality with a courtesy line that combines elegance and functionality.
The refined, sinuous bottle has been designed not only to ensure maximum ease of use for operators, but also to enhance the hotel bathroom environment with a touch of elegance and harmony. It offers dual installation options: **it can be placed on a shelf or mounted on the wall** using an elegant bracket. This solution ensures the **inviolability** of the bottle itself, providing added security for hoteliers, while the practical bracket opening system allows for quick and easy replacement.

COMMITMENT TO SUSTAINABILITY

The bottles are refillable and, in addition to guaranteeing maximum ease of use for operators, they reduce the use of single-use plastic and limit product waste, offering hospitality venues a responsible choice.
Sustainability is an integral part of the project also thanks to **refills made from predominantly cellulose-based material**, designed to reduce environmental impact and optimise operational processes.

300 ml AIR FRESHENER

The Acqva di Venezia room and fabric freshener has been developed to give spaces and textiles a sophisticated and sensual scent that lasts up to 24 hours.
