ACQVA DI VENEZIA

Acqua di Venezia is the new olfactory masterpiece of the Beauty Escape collection: sophisticated and enveloping, it transforms the personal care routine into an unforgettable sensory experience.

Inspired by the heritage and cosmopolitan spirit of Venice, Acqua di Venezia celebrates timeless luxury: wherever you are, you can breathe in the world's most enchanting city. In every moment, its magic is relived.

BEAUTY ESCAPE

The Beauty Escape courtesy set is a sensory journey, an experience that transforms every moment into an opportunity to regenerate and indulge in beauty. Inspired by discreet elegance and the most authentic well-being, it combines **advanced cosmetic formulas** and **refined fragrances**, created to celebrate Italian excellence.

Developed in collaboration with prestigious perfume houses, the Beauty Escape **fragrances** transform personal care into a unique, refined and unforgettable experience. The **cosmetic formulas** combine **natural ingredients** and **innovation** to offer a true well-being experience.

Luxury, culture and refined design blend into a hotel collection that unites aesthetics, functionality and a practical approach to **sustainability**, starting with refills made from cellulose-based material.

ACQVA DI VENEZIA

Eternal heritage

It captures the magic of the city within a sophisticated fragrance pyramid.

A fruity, sweet and amber fragrance, supported by a warm, woody base and designed to envelop the senses in a refined and memorable experience.

TOP NOTES

The fruity and luminous opening evokes the gentle sparkle of the lagoon waters and the vitality of its canals.

MIDDLE NOTES

The sweet, velvety heart releases milk, peach and caramel, creating an enveloping bouquet that blends softness and warmth in an elegant, sensory balance.

BASE NOTES

The sophisticated base develops on patchouli and oriental woods, giving the fragrance an amber, woody and musky character that is persistent and cosmopolitan.

400 ml ACQVA DI VENEZIA courtesy line

Each product in the Acqva di Venezia line is designed to offer a sensory and unforgettable experience, evoking the cosmopolitan magic of the lagoon and the timeless charm of The Serenissima Republic of Venice.

ELEGANCE AND FUNCTIONALITY

Acqua di Venezia interprets contemporary hospitality with a courtesy line that combines elegance and functionality.

The refined, sinuous bottle has been designed not only to ensure maximum ease of use for operators, but also to enhance the hotel bathroom environment with a touch of elegance and harmony. It offers dual installation options: **it can be placed on a shelf or mounted on the wall** using an elegant bracket. This solution ensures the **inviolability** of the bottle itself, providing added security for hoteliers, while the practical bracket opening system allows for quick and easy replacement.

COMMITMENT TO SUSTAINABILITY

The bottles are refillable and, in addition to guaranteeing maximum ease of use for operators, they reduce the use of single-use plastic and limit product waste, offering hospitality venues a responsible choice.

Sustainability is an integral part of the project also thanks to **refills made from predominantly cellulose-based material**, designed to reduce environmental impact and optimise operational processes.

300 ml AIR FRESHENER

The Acqva di Venezia room and fabric freshener has been developed to give spaces and textiles a sophisticated and sensual scent that lasts up to 24 hours.

and fabric

1000 ml PAPER REFILLS

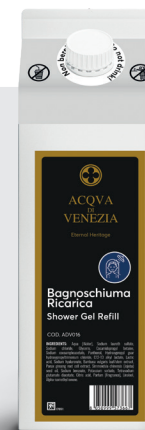

Cellulose-prevalent, the innovative refill is sturdy and easy to handle, with a precise dosage control. It is **FSC® certified** for responsible forest management. In addition, the refill has obtained the **Aticelca certification**, that certifies the recyclability of the bottle in the paper collection, simplifying the recycling process.

ADV016 Shower gel refill

ADV017 Hand soap refill

ADV018 Shampoo refill

ADV021 Hair & Body wash refill

5 L REFILLS

The 5 L tank allows the 400 ml bottles to be refilled with the help of the practical dispenser, thus avoiding the need to replace the products once they have run out and allowing a reduction in plastic waste for the accommodation facility.
